**Crochet is more popular
than ever!**

Crochet is a form of needlework that some researchers have traced back to the late 1600's. It has come a long way since then!

Whether you're working on warm and comfy afghans, the finest lace doilies, stylish clothing or adorable baby pieces, crocheting is a portable, exciting way to express your creative side.

In fact, it's quickly becoming a very popular stress reliever. According to a survey done by the Craft Yarn Council of America, over 38 million people crochet or knit, with 62% saying they do so to relax.

Who we are

Toronto Hookups is a crochet guild with links to the Crochet Guild of America (CGOA).

We advocate promotional, charitable and educational activities relating to the art and craft of crochet.

Members include beginners and experienced crocheters, certified instructors, published designers and skilled artisans. Joining **Toronto Hookups** gives you access to a community that is as passionate about the art of crochet as you are! We encourage education, networking resources, and support international and national standards for the quality, art, skill and enjoyment of crochet.

Membership Benefits

As a member of **Toronto Hookups**, you are also eligible to participate in:

- Discounts at participating stores.
- Monthly meetings that provide great networking opportunities.
- A private Internet mailing list that provides instant access to all of our members should you need help or advice on your crochet projects. A paper newsletter is provided to members without e-mail access.

A Toronto Hookups monthly meeting

*The official charity of **Toronto Hookups** is Warming Families, a project that helps the homeless as well as victims of domestic violence. We ask that members bring an 8" crocheted square to each meeting. The squares are joined to create afghans that are donated to local shelters.*
